

My visit to the Community Base

My name is _____

and on Thursday I am visiting the community base with my _____

From the outside it doesn't look like much fun

But the inside is very different

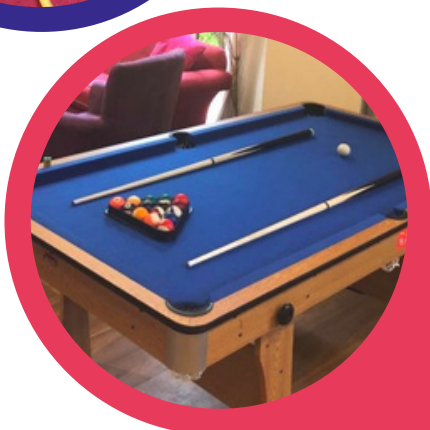

There is room for me and my family to sit relax and play

there is also lego, toys, wi-fi, a pool table, and more

We can sit at tables and eat snacks we bring too

Plus there's a garden with toys and scooters - which is open when it's nice outside

What if I need the toilet?

The room we use has a toilet and a changing table in it and is big enough for a wheelchair user to move around

Children that come to the community base have
